

Parking Services

Mission. The mission of Parking Services is to make available quality and economical parking opportunities in the downtown area of Wichita.

Overview. The Parking Services Fund is a self-sustaining fund supported by parking meter and parking facility revenues. The fund was established in 1999 in response to the need for additional parking in the downtown area of Wichita, particularly along the East Bank.

Finance and Operations. Parking Services is funded primarily from parking meter and parking facility revenues. In addition, a transfer from the General Fund provides monies for a new downtown "parking ambassador program".

Beginning in 2000, parking ambassadors will be assigned to the downtown area. The ambassadors will facilitate orderly parking in designated areas, provide directions to visitors, and write tickets when necessary.

Transfers to the Debt Service Fund are allocated for future

parking improvements in the downtown area.

Parking Services provides human and financial capital to meet the downtown parking needs of tourists, business travelers, and citizens.

Parking Services Fund Budget Summary

	1998 Actual	1999 Adopted	1999 Revised	2000 Adopted	2001 Approved
